OFFICE OF
WATER

Dear Ms. Lynch:

We have completed the technical review of materials submitted for ATP case No. N97-0004. We are pleased to inform you that in the judgement of our technical staff, the following methods are acceptable versions of the stated EPA methods for use in National Pollutant Discharge Elimination System (NPDES) and compliance monitoring.

EPA Method	Acceptable Version	Revision Date
350.1	OuikChem Method 10-115-01-1-D	December 23, 1998

We appreciate Zellweger Analytics' continued interest in the development of environmental compliance monitoring methods. If you have any questions regarding review of your application, please contact Maria Gomez-Taylor, by phone (202/260-1639) or post, at your convenience.

Sincerely,

William A. Telliard, Director
Analytical Methods Staff
Engineering and Analysis Division (4303)
